ABOUT US

The following pages provide additional information pertaining to a combination of items listed within Scope of Work that RKSMS is prepared to support a wide range of services that include:

- **Base Camp Billeting/Mobile Sleeper Units** – Berry Amendment-compliant structure tenting with AC and/or climate-controlled sleep trailers, inclusive of bedding (pillows, sheets blankets), and lockers
- **Shower Trailers & Water Handling** – Water trucks, water distribution, and grey water removal, soap, shampoo, towel and washcloth service
- **Laundry Trailers & Service** – Washing machine, dryer units, soap, dry cleaning, if requested, with grey water removal
- **Dining & Catering** – Dining tents, food preparation tents, tables and chairs, flooring, catering, boxed lunches, drinks and snacks, kitchen equipment and staffing, dry van storage, freezer/refrigerated trailers and food
- **Ice & Food Storage** – Freezer/refrigerated trailers, dry van storage trailers
- **Portable Toilets & Wash Stations** – Soap, paper towels, restroom trailers, sanitation stations
- **Generators & Lighting** – Generators, power distribution, lighting towers/area lighting, interior lighting
- **Fuel & Propane** – Gasoline and diesel fuels, mobile-capable for refueling staged and/or parked vehicles and, as needed, supply propane in support of catering and base camp operations
- **Permitting Assistance** – In collaboration with designated agency representatives, RKSMS can assist in identifying appropriate municipal and other official contacts for purposes of securing final permits and operational compliance.
- **Site Design & Mapping** – Our experienced in-house designers can render deployment site design and mapping alternatives for efficient and optimized setup.
- **Site Utility Requirements** – Fulfillment of site utility requirements and management of support services for operations effectiveness and efficiency
- **Insurance**
- **Camp Management & Enablement**
- **Equipment & Furniture**
- **Transportation & Logistics**

ABOUT US

RK Strategic Management Solutions (RKSMS) is a specialized event services provider with expertise, assets, and personnel ready to quickly mobilize customized mass-volume culinary and hospitality services across the contiguous United States (CONUS) and outside the contiguous United States (OCONUS). RKSMS is a woman-owned business capable of leveraging its extensive assets, diverse expertise, and skilled personnel when and wherever needed.

ABOUT US

Technical Capability - Experience in Base Camp Services & Field Catering

RK Strategic Management Solutions (RKSMS) delivers and manages field food service operations; tenting solutions for billeting, meals and responder operations; furniture and equipment provisioning; utilities and camp facility support services; as well as transportation and logistics services supporting emergency response and recovery operations.

We are an established turnkey solution provider with a unique ability to quickly mobilize & operate quality feeding, shelter and contingency base camp support services across the CONUS and OCONUS.

Our owned fleet of mobile response and recovery assets provides expanded capabilities to feed, shelter, and comfort thousands of responders and/or displaced residents in multiple settings and for any duration.

RKSMS' vehicle fleet enables industrial-scale capability in virtually any field environment and ensures food service sanitation, while providing critical utilities to quickly establish and seamlessly maintain a base camp, supportive field operations, or billeting.

Our personnel have experience working both in support of base camp operations, as well as supporting continuity of services in critical infrastructure and healthcare environments. We are also highly experienced with an array of culinary services.

CAPABILITIES OVERVIEW

RESPONDING QUICKLY TO SUSTAIN & SHELTER

800.958.5158 | www.rksmsllc.com

EMERGENCY BASE CAMP SUPPORT & FOOD SERVICES

Our team delivers a fleet of industrial-scale mobile response and recovery assets, as well as a unique ability to quickly deploy and operate quality feeding, shelter and base camp support services across the CONUS and OCONUS, including high-volume meals, tenting, showers and more.

800.958.5158 | www.rksmsllc.com

BASE CAMP SERVICES | FIELD CULINARY & DINING

We offer turnkey base camp support for first responders and communities impacted by natural disasters and other emergency scenarios. These services include but are not limited to field cafeterias, billeting operations, hygiene support assets like restroom, shower and laundry trailers, power, HVAC, lighting and more.

800.958.5158 | www.rksmsllc.com

MOBILE COMMERCIAL KITCHENS & HYGIENE ASSETS

RKSMS aids customers with temporary mobile culinary and hospitality solutions, supporting continuity of operations for commercial, industrial, and government operators and applications needed during renovation, construction, and other field operations.

TEMPORARY STRUCTURES & TENTING

RKSMS can rapidly assemble tenting for multiple applications and settings.

PAST PERFORMANCE

RESPONDING QUICKLY TO SUSTAIN & SHELTER

800.958.5158 | www.rksmsllc.com

RECENT PAST PERFORMANCES

2018-2019

MISSION: In Spring 2018, we responded to a need for on-site food service and base camp support services to serve a population of 5,100 persons over a 212-day period.

2022

MISSION: Provided roughly 60,000 sq. ft. of tenting, floors, HVAC and power for billeting and dining for soldiers to quarantine before coming into base population at Fort Bliss.

MISSION: Provided tenting, floors, HVAC and power plus laundry service in support of 1,100 personnel at Fort Hood, TX.

MISSION: Provided tenting, floors, HVAC and power in support of 1,000 personnel at Camp Pendleton, CA.

MISSION: Deployed to Florida to support response and recovery efforts following landfall of Hurricane Ian. RKSMS constructed 150,000 sq. ft of temporary warehouse structures and supplied four meals/day across multiple locations for more than 1,500 personnel.

MISSION: Provided all food, equipment, personnel and site management for a field operation in Tornillo, TX feeding over 5,000 Unaccompanied Migrant Children (UMC) and 500-1,000 staff members three hot meals daily, along with midnight meal services.

RECENT PAST PERFORMANCES

MISSION: Provided certified staff to operate the Dining Facilities Administration Center (DFAC) at Fort McCoy, WI which served three meals/day.

MISSION: Provide turnkey labor and consumables for DFAC 6555 and served three quality meals per day for up to 2,000 persons in support of Cadet Summer Training (CST) at Fort Knox, KY.

MISSION: Provide Sanitation Services (dumpster, portable rest room and hand-wash station) and rental vehicle to an undisclosed customer in Utah.

MISSION: Provided non-tactical vehicle rental support to an undisclosed customer in Botswana, Africa.

2023

MISSION: Provided Berry Amendment-compliant insulated billeting, tents, and structures for more than 200 personnel in Boleslawiec, PL supporting LOGCAP V EUCOM Projects. Services and assets included ECU, power, HVAC, furnishings, smoke and carbon monoxide detectors, fire alarm system, billeting, operations, and maintenance.

MISSION: Provided Berry Amendment-compliant insulated billeting, tents, and structures for more than 5,000 personnel in Wroclaw, PL supporting LOGCAP V EUCOM Projects. Services and assets included ECU, power, HVAC, furnishings, smoke and carbon monoxide detectors, fire alarm system, billeting, operations, and maintenance.

MISSION: Currently providing three hot meals and one cold meal daily for a headcount ranging from 400-800 personnel, providing fully functioning kitchen equipment, servicing and maintaining the equipment, ordering, taking inventory and properly storing food consumables and providing a dining facility tent structure with HVAC, power and all necessary soft goods in support of Texas National Guard in Del Rio, TX.

MISSION: Currently operating Berry Compliant, insulated billeting tents and structures for over 300 personnel with ECU, power generation, HVAC, furnishing, carbon monoxide detectors, smoke detectors, fire alarm system and maintenance, Nowa Dęba Poland in support of LOGCAP V EUCOM projects.

RECENT PAST PERFORMANCES

2024

MISSION: Delivered a 10-day food services program for 1,000 emergency responders during Hurricane Beryl, Freeport, TX; provided a 30m X 40m dining facility with flooring, HVAC, and related power generation.

MISSION: Facilitated a 10-day food services program for 1,000 emergency responders during Hurricane Beryl, Rosharon, TX; provided a 20m X 60m dining facility with flooring, HVAC, and related power generation.

MISSION: Provided a 14-day food services program for 750 emergency response support teams during Hurricane Beryl, Tomball, TX; this included a 20m X 45m dining facility with flooring, HVAC, and power generation.

MISSION: Provided a 5-day feeding program for 1,000 emergency response support staff during Hurricane Helene, Acadia, FL; included a 20m X 60m dining facility with flooring, HVAC, and power generation.

MISSION: Delivered a 14-day program to feed 800 emergency response support staff during Hurricane Helene, Greenville, SC; included a 15m X 60m dining facility with flooring, HVAC, and power generation services.

MISSION: Facilitated a 21-day program to feed 2,000 emergency response support staff during Hurricane Helene, Asheville; included a 20m X 65m dining facility with flooring, HVAC, and power generation services.

MISSION: Delivered turnkey basecamp operations during Hurricane Milton, Tampa, FL serving 800 emergency response staff, which included:

- Billeting for 800
- Showers and restrooms for 800 (10:1 ratio), full ablutions service
- Wash-and-fold laundry service
- 15m x 60m air-conditioned dining facility
- High-quality food and beverages (2 hot meals and box lunch/day)
- Generator and power distribution
- Fuel Service
- Light Towers
- Custodial, janitorial, and trash disposal service
- Parking services
- Camp management
- Luxury, touring-style bus for camp staff lodging

RECENT PAST PERFORMANCES

MISSION: Delivered turnkey basecamp operations during Hurricane Helene, Ashville, NC, for 75 emergency response staff. Services included sleeper units and all linens, shower and laundry trailers, potable and grey water services, and power generators.

MISSION: Provided food services (three meals daily) for 4,000 linemen in response to Hurricane Helene in three locations - Midway, GA (500 persons for 8 days); Brunswick, GA (100 linemen for 9 days); and Louisville, GA (2,000 linemen for 9 days). Service scope included mobile kitchens, coolers and freezers, consumables, labor, service equipment, and small wares.

MISSION: Provided bunkhouses, logistics staging area (LSA), and related services during Hurricane Milton, FL. Support included:

- 662 beds and power to FDEM (as subcontractor for Gothams EMR)
- Management of LSA inventory.
- Mobilizing bunkhouses from LSA to destination (45 bunkhouse trailers)
- Power generation, licensed professional technicians
- Spider boxes and cabling
- Management of locations (maintenance, custodial)
- Logistics staffing and equipment

'The Beast' - 57' Mobile Kitchen

'Comfort Wagon' - 20' Shower Trailer

'Pump Truck' - Vacuum Truck

'Clean Machine' - 32' Dishwashing Trailer

GENERATORS & LIGHTING*

DESCRIPTION

VP80 – (4) 208 volt[^]
& (48) 120 volt outlets*
100 gal fuel tank
Standby: 125 kVA/ 100 kW
Prime: 113 kVA/ 90 kW

VP30 – (4) 240 volt[^] &
(16) 120 volt outlets*
60 gal fuel tank
Standby: 39.0 kVA/ 31.2 kW
Prime: 35.5 kVA/ 28.4 kW

[^] Each generator's electric distribution panel has numerous U.S. standard 120 volt outlets, as well as (2) 50Amp and (2) 30 Amp high voltage outlets.

*Each box of 4 outlets is set on a 20 Amp breaker

POWER GENERATORS

Our 70 kVA generators offer:

- a prime rating of 56 kW (70 kVA),
- and a standby rating of 62 kW (77 kVA)

Our 180kVA generators offer:

- a prime rating of 144 kW (180 kVA),
- and a standby rating of 158kW (198 kVA)

Our 300kVA generator offers:

- a prime rating of 240 kW (300 kVA),
- and a standby rating of 264kW (330 kVA)

Our structures can accommodate numerous temporary lighting systems appropriate to your requirements, such as popular and efficient low bay LED. We can furnish emergency exit lighting as well as other safety equipment that may be required by regulation or deemed advisable. We also have extensive experience furnishing, delivering, installing, and maintaining power generation systems where municipal utilities are not available, and have the capability to deliver a combination of owned and/or leased generators and equipment depending on your needs.

RKSMS also can provide turnkey operation, supplying all labor, fuel, materials, and other items. As needed, we can provide a continuous power supply with staffing to meet any 24-hour, on-call requirements to ensure continuity of operations without disruption.

57' MOBILE KITCHEN

Our 57-foot mobile kitchen is an industrial-scale asset capable of preparing and serving 10,000 meals every three hours and is custom-designed for the diverse needs of deployment missions. It contains all the cooking and production, cold storage, food preparation and sanitation equipment on board to sustain an army division. Nicknamed "The Beast," it rapidly delivers full industrial kitchen capabilities virtually anywhere, supporting a vast number of response professionals and displaced people per day.

53' MOBILE KITCHEN TRAILER

Our 53-foot mobile kitchen trailers are also industrial scale assets that have been custom designed for the diverse needs of varied deployment missions. Very similar to the 57-foot kitchen trailer, except with six ovens aboard instead of eight, it contains all the cooking and production, cold storage, food preparation and sanitation equipment on board to sustain large basecamps, commercial kitchen remodels, and large-scale events.

48' SLIDE-OUT KITCHEN

Our 48-foot expanded-width commercial kitchen provides greater accommodation for additional cooking and preparation equipment as well as ample space for staff traffic flow. Production equipment includes two convection ovens; 48" flattop griddle; a six-burner stove with under-oven, commercial double deep fryers; food warmer; and three ventilation hoods. The trailer also includes a 93" x 127.5" on-board cooler, two Kubota power generators with 40-gal. diesel fuel capacity, and a five-ton Bard HVAC unit for effective and efficient climate control. Preparation equipment includes three multi-pan food tables, stainless counters, a three-compartment wash sink with drain board, and a separate hand-wash sink.

44' MOBILE KITCHEN

Our 44-foot strategic mobile kitchens ("Baby Beasts") contain industrial-scale equipment for food cooking production, preparation, and cold storage. They feature production equipment that includes commercial ovens, a 6-burner range, griddle, char-broiler, fryers, tilting skillet, and pan steamer.

*Technical spec & hook up sheets available upon request

40' SEA KITCHEN CONTAINER

Our 40-foot container kitchens provide a compact event or remodeling solution with high throughput capability; each includes an array of industrial culinary equipment, walk-in refrigerations, prep, and service equipment. The container kitchen provides the functionality and volume capability of several standard food trucks, and is best deployed or positioned for multi-day assignments and missions.

40' PAC KITCHEN CONTAINER

Our PAC kitchen provides a compact event or remodeling solution with high throughput capability. On-board industrial culinary equipment can be custom configured beneath the ventilation system that runs the length of the container. This flexibility allows for optimized efficiency, and permits the system to be configured standard with a variety of food production assets, or reconfigured to enhance capability for a particular type of food service production equipment.

32' MOBILE DISHWASHING TRAILER

Our 32-foot dishwashing trailer is an industrial-scale asset capable of cleaning 10-14K dishes per hour and features a new efficient and reliable Hobart FT 1000 Flight Type dish machine, which only utilizes a final rinse rate of 58 gal/hr. The trailer features a 100-gallon water heater, stainless worktables and Ecolab chemical dispensers to ensure unencumbered production and optimal sanitation support for our industrial mobile kitchens.

20' MOBILE DISHWASHING CONTAINER

Our 20-foot dishwashing container provides a compact solution with high throughput and capability. The high-performances Hobart CL44EN dish machine can process more than 200 racks/hr. using 0.6 gallons/rack, and the commercial energy star equipment uses a closed venting system for efficient steam expulsion, while allowing the container's 5-ton HVAC unit to provide desired climate control for operators year-round in varied environments. Hydraulic lifting legs allow for easy direct ground placement and quick leveling out, ideal for loading docks. The container also loads easily onto a step deck trailer for precise on-site placement.

*Technical specs & setup sheets available upon request.

800.958.5158 | www.rksmsllc.com

14' 3-STATION RESTROOM TRAILER

The 14-foot trailer features three relief stations and two sinks, and is typically configured for one male and two female facilities. The vehicle offers guests a relaxing and pleasant portable sanitation environment, delivering a calm, peaceful respite in even the most challenging field environments. The Trailer includes featuring hands-free, efficient flush toilets, LED lights inside and out, solid surface countertops, long lasting transit grade flooring, quick set-up steps, and are the most odor-free waste tank configuration on the market.

20' 8-STATION RESTROOM TRAILER

The 20-foot trailers feature eight relief stations and four sinks, and is typically configured for four male and four female facilities. The vehicle offers guests a relaxing and pleasant portable sanitation environment, delivering a calm, peaceful respite in even the most challenging field environments, featuring hands-free, efficient flush toilets; LED lights inside and out; solid surface counter tops; long-lasting, transit-grade flooring; quick setup steps; and the most odor-free waste tank configuration available.

25' 10-STATION RESTROOM TRAILER

Our larger 25-foot trailers feature ten stations and four sinks that can be configured to provide five separate facilities with double sinks for men and women.

19' ADA RR/SHOWER COMBO +1

Our ADA Shower/Restroom Combo +1 Trailer combines a wheelchair-accessible restroom and shower combo unit with one standard private unisex restroom. The ADA unit's gently sloping ramp and spacious platform provides ample room for easy navigation to enter and exit. With thoughtful design and durable construction, quick and simple set-up, comfortable, climate-controlled interiors, luxury amenities, tankless water heaters, and advanced flushing toilets, this is the ideal solution for complete, mobile ADA-compliant facilities in any environment.

*Technical spec & hook up sheets available upon request

800.958.5158 | www.rksmsllc.com

20' & 28' MOBILE SHOWER TRAILERS

Our 20-foot shower trailer features six private suites that can be accessed on both sides of the trailer, each with a deadbolt-locked changing area containing benches, mirrors, and garment hooks. Our 28-foot shower trailer features eight private suites each with a changing area, shower and locking door. Powered by tankless water heaters, the trailer has configuration flexibility for optimized male/female utilization to support varied field missions, and features seamless non-porous walls, flooring, and ceilings to optimize cleaning and minimize mold and mildew.

28' MOBILE LAUNDRY TRAILER

Our 28-foot mobile laundry trailer supports base camp operations with on-site “fluff & fold” laundry services, utilizing nine separate on-board washers and dryers. Supported by multiple tankless water heaters, the trailer’s equipment delivers advanced wash cycle and temperature control options and numerous dry options, alongside a laundry sink and drying racks to facilitate laundry services rapidly and professionally, virtually anywhere.

VACUUM TRUCK

The vehicle’s twin-compartment, lightweight aluminum tank allows for both fresh and wastewater to be stored during operation, enhancing efficiency and convenience. Internal baffles minimize movement of fluids, making it easier for drivers to maneuver and quickly stop if necessary. Each truck comes with a 1/8” aluminum work area and cabinets that maintain a clean, polished appearance at all times.

*Technical spec & hook up sheets available upon request

800.958.5158 | www.rksmsllc.com

ON-SITE FUELING

We utilize trusted subcontractors to assist staff as needed with on-site fueling services for staged or parked utility vehicles, generators, and for natural gas and janitorial services. Subcontractors may also be used to facilitate grey water pump-outs, trash removal, generator or specialized equipment maintenance, and similar activities to enhance delivery of services.

RKSMS anticipates vehicle fueling services would be conducted at least in part by subcontractors during crew rest periods for efficiency, using gravity-fed systems for fueling all vehicles, equipment and/or tanks, as well as on an as needed basis to ensure maximum continuity of restoration operations. Our operational schedule anticipates receiving requests for larger camps with 24-hours' notice, subject to adjustment depending on specific requirements.

In the event of emergency response requests, RKSMS will ensure that all materials, labor, and equipment are in place to facilitate initial fueling activities and scheduled deliveries thereafter for the duration of the contracted commitment.

TENTING & STRUCTURES

We have a full range of quality temporary structure products, ready for deployment and assembly in any setting. RKSMS is the industry leader in providing single-source solutions for large and/or multi-location customers seeking the support and expertise inherent to our seamless turnkey solutions.

INDUSTRIAL & GOVERNMENT SUPPORT:

- Disaster base camp services
- Deployment logistical resources
- Construction continuity
- Industrial applications
- Emergency field hospitals
- Hospital surge tents for triage and/or patient isolation
- Drive-through testing tents
- Installation and maintenance of wireless fire alarm systems and carbon monoxide detectors

MOBILE SLEEPER UNITS & STRUCTURE TENTING

Based on the scope of the emergency response request, RKSMS can provide mobile sleeper units and/or temporary structure tenting to supplement base camp operational, billeting, or feeding program needs. Readily available resources afford the option to scale up or down as necessary predicated upon the camp population or other factors.

We have a selection of climate-controlled sleeper trailers and tenting types, and additionally can provide for all lighting, power generation, outlets and distribution, flooring, and facility entrances. Trailers and/or soft-sided tents are delivered with necessary billeting features (i.e., beds, bedding, lockers) per customer specification and include HVAC and related power sources to support critical infrastructure recovery efforts.

OTHER STRUCTURE OPTIONS

RKSMS can scale structure solutions to accommodate virtually any size or type of event. In collaboration with our integrated brand partners, we have supported a variety of commercial and industrial installations in addition to emergency response actions and military basecamp programs. These include providing equipment, services, and/or goods for numerous sporting and entertainment events and temporary storage or kitchen structures toward maintaining operational continuity.

HVAC & CLIMATE CONTROL

We have the experience and the resources to provide HVAC systems for each of our temporary structures to support safety and comfort measures for staff and/or recipients of program events or services.

From misting fans and cool-down tents to industrial climate-control equipment for larger temporary facilities, RKSMS has the assets to respond to any related cooling or heating request in any setting.

HVAC FOR TEMPORARY STRUCTURES:

240,000 BTUs cooling capacity
Equivalent to > (6) average
residential units.

Both 36 kW and 72 kW power levels:

- Cooling MCA 36 kW 82
- Cooling MCA with 72 kW 76
- Heating MCA with 36 kW 78
- Heating MCA with 72 kW 126
- Unit MOCP with 36 kW 100
- Unit MOCP with 72 kW 150

OTHER STRUCTURE OPTIONS

Complementing the extensive availability of top-quality technical equipment and goods, our approach to customer service and communication also reflects the highest standards of excellence. We will match the right equipment to your needs and objectives, facilitate mobilization, and can even help your team hurdle any regulatory requirements like permits. RKSMS can design an efficient and effective site plan, handle operational support services, or address any culinary staffing requirements. Where other service providers offer transactional equipment leasing, we offer solution-oriented partnerships and a commitment to successful outcomes.

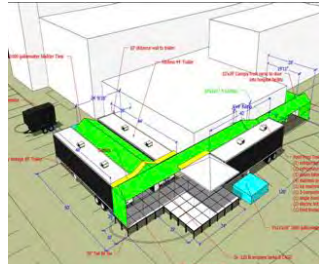

We frequently assist clients with the following support services:

PERMITTING ASSISTANCE

Local food service, safety and sanitation regulations may play a role in your mission and operations, depending on deployment specifics including location, duration and purpose. RKSMS has extensive experience working with representatives of local, state and/or federal offices to secure appropriate permits and can spearhead this process as needed upon identifying the scope of work, timeline, and required assets. Additional administrative fees may apply commensurate with inspections required by additional agencies, entities, and/or other activities.

SITE DESIGN & MAPPING

Deployment of mobile assets can often be enhanced and optimized for efficiency through the process of site design and mapping, especially for job sites with compact footprints; projects of longer duration and/or complex operations; at medical and related facilities; and where numerous assets are deployed. RKSMS can work with experienced in-house designers to render site deployment alternatives for clients, and with operational experts to help address specific requirements that may necessitate the construction of temporary structures, ramps and entryways, awnings, or facilities for storage or operational support. Our asset inventory also includes all support items from large- and small-profile structures to frame tenting, flooring, substructures, and other related goods and services.

PROPANE & DIESEL SERVICE

Fuel for electrical generation or heating mobile culinary equipment and asset environments will typically require an ongoing service and resupply operation involving diesel, propane or both. We have experience furnishing, delivering, and installing, and maintaining power to equipment and essential facilities, even under emergency scenarios. Our staff can work to provide continuous or as needed power generation and heating capability, as dictated by your operation or directed. We can support your operation by providing turnkey operation of generators, delivering the needed equipment, diesel fuel, labor, materials, tools, security, storage, maintenance and repair, and can even meet 24-hour on-call requirements where insured continuity of operations is needed.

SITE UTILITY REQUIREMENTS

Our teams have diverse expertise addressing site utility requirements and managing support services to ensure efficient operations of all activities. RKSMS can manage efforts for fresh water delivery and wastewater removal, handling all grey water and brown water pump-outs for mobile kitchens and hygiene facilities where utilization of municipal utilities is not permissible or possible.

INSURANCE

RKSMS will secure appropriate insurance coverage based on the specific services and assets required for each engagement.

ADDITIONAL SERVICES

RESPONDING QUICKLY TO SUSTAIN & SHELTER

800.958.5158 | www.rksmsllc.com

CAMP MANAGEMENT & ENABLEMENT

RKSMS structure specialists have been delivering durable, reliable shelters to aid commercial and industrial customers for decades, supporting their equipment, inventory, and logistical requirements.

Our structure tents come in a variety of sizes and can scale to meet virtually any requirement. Whether you need a flexible solution for weeks, months, or even longer, our teams and inventory have you covered.

TRUSTED FOR:

- Structures & Tenting
- Power & Lighting
- HVAC
- Flooring & Staging
- Tables & Chairs
- Bedding
- Catering Equipment Rentals & Supplies
- Culinary & Field Catering Services

EQUIPMENT & FURNITURE

An extensive inventory of folding and non-folding tables and chairs, furniture, temporary fencing and service and shelter supplies are also in house and available for rental or purchase.

- Cots, bedding & linens
- Office furniture & supplies
- Folding tables: 72", 66", 60", 48" & 36" round & 4', 6' & 8' longs
- Folding chairs: samsonite folding & resin folding
- Temporary fencing & barricades
- Shelter supplies – hygiene, sanitation, janitorial

An extensive inventory of food service cooking, serving, and cleaning equipment is available for any need, and includes among other items:

- Convection ovens
- Stoves
- Tilt skillets
- Hot food holding cabinets
- Beverage cambros & chafers
- Steam tables
- Deep fryers
- Cold food serving tables
- Salad bars
- Grills and flat-top griddles
- Chefs cooking stations
- Reach-in coolers
- Reach-in freezers
- Dishwashing trailers
- Sinks with water heaters & hardware
- Field kitchens
- Food storage
- Food prep equipment

TRANSPORTATION & LOGISTICS

RKSMS stands ready to support diverse operational needs with the facilities and feeding programs to sustain communities in crisis for any duration. Our logistics and transportation capabilities are designed to complement and ensure delivery of these and all services, with experienced team members to facilitate travel to, from, and within facilities during emergency response and recovery support efforts. Seasoned fleet management professionals are ready to coordinate logistics and related needs with timely precision to allow responders to focus on critical tasks at hand.

Our dedicated fleet services include end-to-end transportation management to support operations, including:

- Temperature-controlled/cold-chain deliveries
- Rapid tenting, equipment & furniture deliveries
- Asset delivery for agencies & prime contractors
- Personnel bussing & coaches with CDL operators
- Distribution & warehousing of foodstuffs, equipment & supplies
